

I am returning the suit in the same condition in which I received it. Please press, fold properly, and return it in wearable condition as per our conversation. I would like to have suspender buttons placed in slacks on suit. I mentioned this to your employee but did not make a strong point of it. Also, after trying suit on, I noticed that the sleeves are too long. I had sleeves measured, so please hem sleeves to pin mark on sleeve.

Although I was very displeased over the condition of the suit when I received it. I was pleased however with your attitude in correcting the problem, and plan to continue to do business with you in the future.

Respectfully,
